Wheelchair Foundation

The World Health Organization estimates that tens of millions of people in the world are in need of a wheelchair and cannot afford one. Our goal is to deliver wheelchairs to children, teens and adults that lack mobility due to disease, accident, war or advanced age. These people and their families will have their lives instantly changed, being able to go to school, work, worship, or just outside for the first time in years, or ever. A wheelchair means Hope, Mobility and Freedom.

A container of 280 wheelchairs (260 with inflatable mountain bike tires) costs \$42,000 to deliver to the country of destination, or \$150 per wheelchair. This is delivered in a 40' ocean container. For \$16,500, a 20' container will deliver 110 wheelchairs (100 with inflatable mountain bike tires).

The Wheelchair Foundation distributes wheelchairs in the country of destination with approved distribution partners, who identify the recipients, and then properly seat them in their new wheelchairs.

Rotarians that donate \$42,000 will have the opportunity to choose the country or region of the container's destination from a list of countries with which the Wheelchair Foundation enjoys established and successful distribution relationships.

Rotarians are encouraged to organize, at their own expense, a hands-on experience to help distribute and participate in a wheelchair distribution. Experience the joy of changing a person's life with the gift of a wheelchair!
